

## PREFERRED PAINTS AND PRIMERS

We recommend use of the following basecoat paints and primers under Wink. Any product not listed is not recommended or approved by the Wink technical team. Wink should be applied over a 100% acrylic primer and topcoat. Do not use basecoats containing vinyl.

### PREFERRED BASECOAT PAINTS

For use under Wink or when changing the color of a wall. Wink should only be applied over a 100% acrylic basecoat with an eggshell or semigloss finish. Apply two coats of one of these approved paints and primers:

- California® Paints Fres~Coat Premium Interior Paint & Primer or Ultra Aquaborne Ceramic Interior Paint
- Sherwin-Williams Solo™ or Harmony® Interior Acrylic Paint
- PPG Manor Hall®, UltraLast™, or Pure Performance® Interior Paint & Primer
- Benjamin Moore Aura® or Regal® Select Interior Paint & Primer
- Kelly-Moore Durapoxy® 1685 Semi-Gloss Interior or AcryPlex® 1610 Eggshell Interior Paint & Enamel

### PREFERRED WHITE PRIMERS

For use under the 100% acrylic basecoat paint. Apply one coat of one of these white primers:

- California® Paints ASAP Enamel Undercoater Interior Primer 50300 or Aquaborne Ceramic Universal Primer 32000
- Sherwin-Williams Multi-Purpose Primer & Sealer
- PPG SEAL GRIP® Gripper® Universal Primer/Sealer
- Kelly-Moore Kel-Bond Universal Primer 295

- KILZ 3® Premium Primer & Sealer
- Benjamin Moore Fresh Start® All Purpose Primer (046)

### CLEAR SEALERS

For use when applying Wink over coatings containing vinyl or coatings that are not 100% acrylic, such as Sherwin-Williams ProMar® 200 or SuperPaint®, and PPG SPEEDHIDE® or SPEEDHIDE® Zero. Apply one coat of one of these clear sealers:

- ICP Clear Sealer
- KILZ KLEAR® High Performance Sealer
